

Rick Kreczmer
President

Rick Kreczmer is an industrial air filtration industry veteran with more than 24 years of experience in sales and executive management. As President of RoboVent, he has led the company through new product innovation and market initiatives to lay the foundation for continued growth and profitability in an evolving manufacturing environment.

Background

Rick joined RoboVent as the Executive Vice President of Sales and Marketing in January 2019 and was named President in August 2019. Prior to joining RoboVent, he spent 20+ years working in a variety of roles in the industrial air filtration, liquid filtration and dust collector industries, including 12+ years with Camfil. He brings a wealth of experience and an excellent understanding of the air filtration capital equipment and replacement parts market with a successful history of developing go-to-market strategies for the industry.

Areas of Expertise

- Industrial Air Filtration
- Sales Management

Education

Rick holds a Bachelor's of Economics Sciences from DePaul University.

Get to Know Rick

Rick is direct and driven to succeed. He has been married to his wonderful wife, Amy, since 1993; they have two daughters and a Golden Doodle. His passions include bourbon, fishing, barbecue, CrossFit and golf. On weekends, he can be found smoking meats in his Big Green Egg and making high-end cocktails. He has plans to make his own bourbons and whiskeys in the future.
